Dear Dan,

On behalf of Allied Industries, the manufacturing division of The Resource Center, we want to thank Glory Days® for their support. The mission of The Resource Center is to support individuals with disabilities and other challenges in achieving maximum independence, contributing to their community, experiencing life long growth and enjoying quality of life. Your Glory Days® project goes a long way toward helping us achieve those goals.

Executive Director
Paul Cesana

By giving us the opportunity to manufacture your Pup-A-Pedic® dog beds, we are able to employ and train our workers on new and exciting products. These new work and training opportunities improves our workers esteem and self worth which is a win-win situation.

Officers
Carol Lorenc
PRESIDENT

Allied has already enjoyed increased production on these beds and we are encouraged that retailers and consumers are making socially conscious purchases. When a consumer buys a product manufactured and/or distributed by our workers, they not only receive a quality product produced with great pride, but they also are making a conscious decision to support their community.

The Rev. Jerome Ward
VICE PRESIDENT

We are proud to be an active partner with Glory Days®, whose mission is to help disabled American workers remain in the workforce and contribute to the well being of American society.

Todd Jacobson, M.D.
SECRETARY

We look forward to the Glory Days® programs growing which will benefit everyone involved, and especially the creation of additional jobs for our disabled workforce.

James Chimenti
TREASURER

Thank you and your team for your continued support of Allied Industries and the people we serve.
